

## TIME CRITICAL ROUTINE SHIPMENTS

The shortest lead time to meet mission critical requirements. Includes 24/7/365 customer service center support, full supply chain visibility, mission critical express services and individually agreed lead times from door to the point of need.

CTi is a leading expert at meeting deadlines. We insure all the other critical aspects like stress and time will be taken off your hands. When you entrust your time for critical shipments with CTi, you know the best people in the industry are looking after your shipment from the beginning until the end. The best and most direct methods of transport will be performed. That even when you go to sleep CTi is still working on every part of your shipment.
